

STAKEHOLDER COMMITTEE MEETING

Thursday, September 3, 2026, Meeting Cancellation

-----NOTICE-----

NOTICE OF CANCELLATION

The Porterville Irrigation District Groundwater Sustainability Agency (PIDGSA) Stakeholder Committee Meeting scheduled for September 3, 2026, has been canceled.

Although we will not meet on September 3, we recently received the Draft PID Groundwater Sustainability Plan (GSP). I would like to use this opportunity to provide the Draft GSP to the Stakeholder Committee for initial review and ask that members use the time reserved for the September meeting to begin reviewing the document.

[Draft PID Groundwater Sustainability Plan \(GSP\)](#)

As you review the Draft GSP, please provide any comments, questions, or recommended revisions that you believe should be considered. In particular, please review the assumptions and management approach presented in the document, the proposed Projects and Management Actions (PMAs), implementation requirements, and any provisions that may directly impact PID GSA landowners and groundwater users.

Please submit your comments and feedback to PID GSA staff (PIDGSA@ocsnet.net) so they can compile and incorporate them into our discussion at the next Stakeholder Committee meeting. This initial review will help us identify areas that may require additional discussion, clarification, or modification before the Draft GSP advances further in the review process.

Notice and meeting materials will be provided in advance of the next scheduled Stakeholder

Committee meeting. **The next regularly scheduled Stakeholder Committee Meeting is on Thursday, October 1, 2026, at 10:00 a.m.**

Thank you for your continued participation and involvement in developing the PID GSA Groundwater Sustainability Plan. Please feel free to contact me with any questions regarding the Draft GSP or the review process.

Thank you,
Michael Knight
